To Whom it May Concern:

Steve Hamlin recreated my website about six months ago. I would wholeheartedly recommend him (and I have, on numerous occasions) to anyone seeking a talented, smart, creative designer who is willing to listen and hear what his client needs and wants. He is very good and is also a great problem-solver. He made lots of things from the old website work in the new one to save me time and money. He works hard and quickly. He is excellent at writing text for you if you haven't the time to do it yourself. He has a good sense of style and composition, and he is just great to work with. I recommend him every chance I get.

Sincerely,
Marianne Miles
